Professional Summary

Eagerly aspiring to become a Chief Technical Officer in a leading IT company.

In my engineering journey, I set out to learn and accumulate experience by starting projects in 2017. So far, I've developed 60 websites, 50 software applications, and 20 mobile apps. This experience has been enriching and fulfilling. Now, I'm enthusiastically looking for a job to build a successful career in this tech-driven world.
